Floor Scrubbing:

We can take care of all types of floors like marble, vitrified tiles, vinyl, mosaic, Kota, granite etc., these floors required to do scrubbing often, to remove adhesive dirt, which accumulated on the joints of the floors and floor corners. We scrub the floor thoroughly using SWISS make machines **TASKI ergo disc** {a single disc machine} with Eco-friendly detergents and remove adhesive dirt, which is loosened from the floor, and take out all with **TASKI Vacuumat-12** {a powerful heavy-duty vacuumcleaner} vacuumcleaner }

Venetian Blinds Cleaning:

We can take care of all types of venetian blinds, these venetian blinds required to do scrubbing often, to remove adhesive dirt, which accumulated on the blinds. We scrub the blinds thoroughly from all directions using TASKI R1 with Eco-friendly detergents and remove adhesive dirt, which is loosened from the blinds, and take out all with TASKI Vacuum machine {a powerful heavy-duty vacuumcleaner}

Carpet & Upholstery Dry foam shampooing:

For carpet & chairs traditionally using wet foam cleaning, in this process carpet will get, will take lot of time to get it dry, if we don't give proper time carpet gives mufti smell and lot of bacteria will growth under net carpet. So now we are doing dry foam cleaning. But we do the carpet Dry foam cleaning. In this method the carpet will get dry with in 45 minutes. In this process TASKI Dry Foam Generator, will produces dry foam with 3-4% moisture, this foam is massaged on the vacuumed carpet with a soft nylon brush and massages the foam from all directions, the adhesive dust is converted to dry dust within few minutes of application. Then the dry dust will be vacuumed with a powerful vacuum cleaner and the detergent also kills 99% of dust mites. The dry carpet is looking clean, fresh and has a pleasant perfume.
